DARA
WOOD

Over 100 years of experience culminating in one extraordinary floor

Within our two new prefinished collections you will discover cerused and naturally fumed Oak finishes as well as exotic wood species. The 20 standard colors offer a layered, dimensional appearance that simply cannot be replicated using traditionally applied topical stains. Each hand finished plank varies subtly in tone resulting in an overall appearance both natural and visually spectacular. We are sure you will agree that there is simply no comparison.

**Note: Custom parquetry, colors and finishes, priced upon request.*
